This publication may be freely copied and distributed in its entirety as long as this copyright page is included. This publication may **not** be reprinted or republished, in whole or in part, and offered for sale or included in any publication, electronic or printed, for which a fee is charged without permission of the editor.

This transcription contains the records found in the second of two Birth Registers found in the Greene County Courthouse in Waynesburg, Pennsylvania. This book contains births recorded between 1904 and 1915, as well as a few recorded later. The transcription was done from digital images of the book's pages taken in April of 2001. Every effort has been made to transcribe the records exactly as they appear in the book; however, a few records were difficult to read due to the legibility of the recorder's handwriting. Question marks within the transcription indicate those instances where it was too difficult to ascertain what was written in the original record. The records are arranged here as they are in the book. An alphabetical name index is provided at the end of this book.

This transcription can also be found on the World Wide Web at:
